Welcome to Rose Medical Practice

This is a two-partner practice with two Doctors, one male and one female. We provide child health surveillance, minor surgery, contraceptive and maternity services. Apart from Dr Singh & Dr Saggu, our capable practice team consists of:

Practice Manager - Sally Oldbury

The Practice Manager is responsible for the administrative side of the Practice. If you have a complaint or a non-medical query, please ask to see her and she will be happy to help.

Reception Team – Victoria, Lesley, Ella & Karen

Our friendly reception team can help you with queries and requests. They play a vital role in ensuring the practice runs smoothly. They aim to provide a flexible, effective service to meet the needs of our patients.

Practice Nurse – Pav Kaur & Chris Roberts

Our very experienced Practice Nurse is qualified to provide; health advice, contraception, cervical cytology, weight management, blood pressure checks, dressings, health screening, seasonal, child and travel vaccinations, Diabetic, COPD and Asthma clinics.

Health Care Assistants – Helen Ecclesby

Helen is an experienced HCA and is able to do various diagnostic checks, Health MOTs, Wound Care, give some injections, take blood samples, perform ear syringing and provide health promotion advice and information.

District Midwife – Linzi Howells

The Midwife provides ante-natal care and advice for pregnant patients. The local office number is 01484 355743 if you need advice.

Clinical Pharmacist – Usman Mahmood

Our team of Clinical Pharmacists can help you with medication problems, side effects, reduction plans & reviews.

Home Visits

We encourage attendance at the surgery unless you feel this would seriously aggravate your health condition. Visits are very time consuming and a patient is best cared for in a healthcare environment when the clinician has all their equipment to hand. Whenever possible please request these **before 10.30am**. When a visit is requested the receptionist will ask the nature of the illness which will help the doctor to plan the order of the visits. The clinical need, and not transportation issues, decides the necessity of a home visit.

Please do not attend the surgery with dental problems, contact your dentist or, if you are not registered with a local dentist, please register with a dentist or call 111 for the Emergency Dental Service.

What to do in an emergency...

In cases of **immediate threat to life** please dial **999** or go to the nearest hospital casualty.

Urgent appointments

We do offer same day appointments request in cases of urgent clinical need - we do ask that patients do not abuse this service.

Kirklees Walk-in Centre is in the grounds of Dewsbury Hospital, opposite the main entrance, and offers a nurse led service for minor illnesses and injuries. The Walk-in Centre is open from Monday to Friday 9am- 8pm, Saturday & Sunday 10am-6pm.

NHS 111 operates a 24-hour health advice and information service available on **111** or www.nhs.uk. They can also arrange face-to-face appointments with us or another local NHS clinic. Calls to NHS 111 are free of charge from landlines and mobiles.

Online Services

Via our website, the Airmid App or the NHS app you can order your repeat prescriptions and check your test results. Please ask at reception for your login details. Because your medical record is very personal we require photographic ID to confirm your identity and give you access to your online medical record.

If you are unable to come to the surgery with ID, you can verify your identity on the NHS app from home. Check your phone's app store and download the Airmid or NHS app for more details.

Ordering Repeat Prescriptions

Patients requiring repeat supply of their medication are asked to request it via the NHS app or Systmonline website (link on our website to this) where possible, but if you do not have access to the internet or a smartphone you may phone the surgery after 10am, or drop in the right hand side order form at reception. You will always need the names of your medications to order them and reduce the risk of errors.

Prescriptions will be transmitted electronically to your chosen pharmacy after 2pm the following working day. Please contact your pharmacy to see when your items will be ready for collection in case of supply issues.

Local Health Authority

Greater Huddersfield CCG are based at 2nd Floor, Norwich Union House, Market Street, Huddersfield, HD1 2LF. They commission services to provide care services in this area. Details of local Doctors or Dentists can be obtained on the NHS.uk website.

Interpreters

We can provide telephone interpreting services, please alert the receptionist if this is a service you require as it will need to be booked as a longer appointment. We can also arrange BSL video call interpreters if that is required.

Non-NHS Examinations and Certificates

Letters, Forms and Certificates are non-NHS (Private) work and are charged accordingly. The private fees list is available in the downstairs waiting room. Private medicals (e.g. HGV, Taxi, etc) are generally performed by appointment outside normal surgery sessions and generally take 30 minutes.

Patient Viewpoint Group

We are always happy to receive suggestions on how to improve our services where we are able. Suggestions boxes are provided for this purpose. But if you'd like to be involved with our Patient Viewpoint Group, or for more information, please email the Practice Manager directly on sally.oldbury@nhs.net.

Missed Appointments

Our practice policy is that if a patient habitually misses appointments they will be removed from the practice list. A written warning will be sent when a patient reaches 2 missed appointments within 6 months. Therefore please ensure you inform us, with notice, if you are unable to make it to your appointment so that another patient can use that time. Where a telephone appointment is missed despite 2 attempted calls this will also be recorded as a missed appointment.

Freedom of Information (FOI)

The Practice FIO Publication Scheme is available at reception which lists the non-confidential information we have readily available under the FOI Act.

Area of Practice

The surgery is located approx. ¼ mile from the Town Centre. It is served by several bus routes and there is some parking in the streets around. There is undercover parking for pushchairs. We have a small outer boundary (depicted by the green line). If a patient of ours moves into this outer area they may remain registered.

How to Register

Application forms are available at reception or on our website for people wishing to register here as patients. Once accepted, you will need to have a New Patient Health Check to properly register you with this surgery. We only accept patients who live within the practice area as agreed with NHS England (the black line). When you register here, your accountable GP may be Dr Singh or Dr Saggiu.

Your Obligations

We do not tolerate verbal or physical abuse or threats of aggression in person or on the phone. In all such cases the patient involved will be removed from the practice list and may be reported to the police.

Telephone contact with clinicians

Due to the risks of transmission of infection disease during the Pandemic, the majority of our appointments will be booked as telephone or video calls initially and a further face to face appointment booked if this is required for an examination. Please provide a landline number where possible and ensure you are available to take the call back.

Information Governance (Confidentiality)

Clinical and administrative staff have access to patient information as well as certain staff employed by the local health authority. All NHS staff have a confidentiality clause their contracts which applies even after employment ends. Your rights are protected by our Policies and Procedures. For more information please contact the Practice Manager.

On occasion, in the course of your care, we may need to pass on some of your information on to other NHS agencies. Please pick up a copy of the leaflet 'How We Use Your Health Records' for more details on this and also how to gain access to your records should you require it.

Disabled Access

The practice premises have wheelchair access via a ramp although unfortunately no disabled toilet facilities are available due to the nature and age of the building. There is a doorbell by the main entrance in case you need help getting into the building. We're happy to help – just ask!

Stairs a Problem?

To better aid our less able patients and visitors we can arrange for them to be seen on the ground floor if they cannot manage the stairs, please do let reception know when you are booking if you require this. Downstairs Nurse appointments will normally need to be between 1-2pm when the ground floor room is not in use by the GP.
